DETAILED ACTION

Claims 1-9, 22 and 23 are currently pending in the instant application, are allowable over the prior art of record and have been renumbered as claims 1-11. Claim 23 drawn to a process for the preparation of a medicinal composition of claim 1 has been rejoined.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tom Barnes on 3 December 2003.

The application has been amended as follows:

Specification:

1. Insert --This application is a 371 of PCT/JP00/05519 filed 18 August 2000.-- below the line that states "Technical Field" and above the line that states "The present invention relates to substituted" found on page 1 of the instant specification.

Claims:

1. Cancel claims 13-21.
2. Amend claim 23 by inserting --for preparing a medicinal composition-- after "A process" and before the comma on line 1 of claim 23.
3. Cancel claim 24.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 27 May 2003 discloses the copending application 10/049904. This co-pending application has been considered but will not be printed on the front of a patent issuing off of this application.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance. This invention relates to benzylthiazolidine-2,4-dione products. The novel and nonobvious aspect of this invention involves the methoxy substituent on the benzyl group and the linking group A. The closest prior art of record fails to teach or suggest the instant benzylthiazolidine-2,4-dione products which have an unexpected dual agonist activity on PPAR alpha and gamma .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
